WELCOME TO THE HOUSE OF MARIKARMEN

Las Marikarmen is a drag band fed by transfeminism and queerness. We mix music, performance and lived experience: hip-hop and trap with electronic pop, two saxophones and a clarinet played live, drag, video projections and fog programmed to the beat.

We were born in 2017 to make room for dissident identities in rural Collserola (Barcelona). We organise horizontally, without hierarchies, and take that idea on stage: we all sing, play, perform, make video, dance... and whatever else it takes!

In the house of Marikarmen we have our mother, **Lady Marikarmen**, a great pioneer of the transfeminist world. Since her death we honour her legacy and carry on her fight: embracing old queer ways of life that were wiped out, and destroying heteropatriarchy, cisnormativity and compulsory binarism.

DESTROY THE HETEROPATRIARCHY, THE CISNORMATIVITY AND THE COMPULSORY BINARISM!

NOS PEGAN!

*Lady Marikarmen's folkloric funeral becomes **a multimedia party** of electronic hip-hop, horns and drag.*

Video projections, lights and a column of fog with LEDs programmed to the beat. We play on stage and come down into the audience. An explosive live show full of surprises that everyone is invited to: a journey of rediscovery and madness through the queer universe of Las Marikarmen.

Every concert is a ritual full of symbolism and critical humour against heteropatriarchy and cisnormativity. We all leave with more glitter and more allies.

60 MINUTES	**3 PEOPLE ON STAGE**

«We take cis men, put them in the sun and they cry.»

WHAT THE PRESS SAYS

BETEVÉ · HABITACIÓ 910, 2023

«We revel in the hatred society throws at us and turn it into empowerment and self-love.»

KAOS EN LA RED · INTERVIEW, 2020

«A performative band set on undermining heteropatriarchy, breaking the narrative of cisnormativity and ending the reductionism of binarism.»

BETEVÉ · FEEEL, 2021

«A queer band bringing in pop and Balkan ideas, beats, costume, make-up and a little bit of ourselves too.»

VICTORIA SICKNESS · BETEVÉ

«Musically, they carve out a place in the emerging new punk scene (autotune, rage and machine beats), combining Andalusian broken rhythms, Basque music and the sound of the saxophones and clarinet that so define the band.»

RUTA LOKAL

«Its performative, interactive live show becomes a celebration of dissident identities, a space of care and love...»
